

# Look familiar?

Unfortunately, these are the types of poor conditions and states of disrepair that many Family Mosaic/Peabody tenants are experiencing in their homes.

Issues such as long delays, poor workmanship, cutting corners, endless sub - contracting, lack of cyclical decoration, damp, problems with scaffolding – the list is very long.

Whether you are in a street property or a block, please send photos and any other details about unsatisfactory or neglected repair/maintenance issues that are the responsibility of the housing association to [hello@pfvoice.org.uk](mailto:hello@pfvoice.org.uk). Include time scales and any records of number of contractor/surveyor visits.

Peabody Family Voice Tenants group are compiling a dossier of evidence.
